Princes-ſtreet, May 4. COMPASSION.

IF ever there was a time for humiliation before God for our national ſins, this is it. Though your paper has abounded with letters on ſo melancholy a ſubject, yet ſorry am I to ſay, every thing remains, reſpecting the common neceſſaries of life, juſt the ſame as it has been for ſome months paſt: and as all the public hints have hitherto proved unſucceſsful, I would therefore, with humble ſubmiſſion, recommend that old-faſhioned but prevailing weapon, *Prayer*, which if rightly uſed, will (as it has done in times paſt) open and ſhut Heaven. In order hereto, I would deſire Miniſters in their ſeparate Congregations, of all denominations, to intreat their people, if they have any regard for their poor, ſinful, ſtarving country, to cry mightily to God, that he may avert the judgments that ſeem to threaten a guilty land. God is the ſame yeſterday, to day, and for ever; and he has ſaid, "Call upon "me in the day of trouble, and I will hear thee, "and deliver thee." I am informed that, in foreign countries, in times of trouble, Prayers are put up in churches, and days are ſet apart for public faſting; and I think the preſent ſtate of things are as calamitous as our being at open war with the common enemy; and though we are not called upon to ſhut up our ſhops, and pour out our complaints before God; yet I think it incumbent upon a diſtreſſed people to wreſtle, like Jacob of old, and not part till we obtain the bleſſing. If the inhabitants of England were to ſpend that time, in ſupplication to him who has all power in heaven and earth, that is ſpent in vicious practices, I am well ſatisfied the dreadful cauſe would ſoon be removed. Sorry I am to ſay, that the covetouſneſs and oppreſſions of the great are raiſed to an high pitch, and yet not too high for God to bring down; and tho' thoſe, who ought to pity the poor and the needy, ſport with their calamities, yet he that dwelleth in heaven ſhall laugh *them* to ſcorn, yea, the Lord ſhall have them in deriſion; and when he ſpeaks, it is done; if he commands, it ſhall ſtand faſt for

ever. Who would have thought, ſeven years ago, that theſe times were coming on? that by the wickedneſs of the nation God ſhould thus puniſh us? Oh! that God may not give us up to our hearts luſts, nor to follow our own imaginations; but that he may give us repentance unto life not to be repented of; that we may be a people fearing God, and hating covetouſneſs; which may he grant, for his dear ſon Jeſus Chriſt's ſake. Amen.

Saturday laſt in the Afternoon arrived here the Snow Amelia, Captain Sinclair, in 8 Weeks from London, and but 6 from Portland Road, by whom we have the following Advices, viz.

LONDON, *May* 18.

WE hear a plan has been propoſed, by a great man in the adminiſtration, to regulate Eaſt-India ſales, by which the monopoly of teas in particular will be in great meaſure prevented.

The Rev. and learned Dr. John Whiterſpoon, one of the miniſters of Paiſly, who was in the latter end of the year 1766 unanimouſly elected Preſident of the College of New-Jerſey, in America, has lately wrote a letter to the Governors of ſaid College, declining to accept of that high and important truſt.

May 19. Saturday the Earl of Chatham was ſo well recovered, at his houſe at North-End, as to be able to take an airing on horſeback.

Yeſterday there was a grand Board of Trade held at the Plantation Office, where many of the American agents attended upon the diſpute of lands granted in different parts of North-America.

Extract of a Letter from Madrid, April 20.

"A French Gentleman in the ſervice of Spain, in quality of Captain to a regiment of foot, which was ſtationed at Paraguay, happening to be in a houſe of the Jeſuits on that Continent, two manuſcripts fell into his hands, conſiſting, it is ſaid, of inſtructions from the General of the Society to the Miſſionaries in India. The officer perceiving that theſe inſtructions contained atrocious things, as well againſt the King of Spain, as againſt the Pope, he took and clapped them up carefully in his pocket-book. The Superior of the Jeſuits finding the manuſcript miſſing, ſuſpected the Officer of having taken them, and employed prayers, promiſes, and threats to prevail on him to reſtore them; but the Officer having denied ſeeing them, the Jeſuits had recourſe to the authority of Mr. Savallos, Commandant General of Paraguay, who being devoted to the Jeſuits, cauſed the French Officer to be condemned by a council of war, under pretence of diſobedience, to loſe his employ, and to remain eight years in confinement at Ceuta. After this ſentence, the Officer having found means to inform his family in France of his condition, they ſolicited the Spaniſh Miniſtry in his favour, and obtained an order for his being brought to Madrid. At his arrival he delivered up the two manuſcripts in queſtion to the Count d'Aranda, with whom he had ſeveral conferences. As to Mr. de Savallos he is recalled, and diſgraced."

Extract of a Letter from Paris, April 27.

"The pragmatick ſanction of the King of Spain againſt the Jeſuits in his ſtates, is publicly ſold by the hawkers here and in Spain.

"In 1598, theſe fathers were baniſhed from France, for being concerned in the aſſaſſination of King Henry IV. They were driven from England by Queen Elizabeth in 1602; from the Republick of Venice in 1605; from Poland in 1607: from Bohemia, Sileſia, Moravia, and Hungary, in 1619, where, however, they are again re-eſtabliſhed. They were expelled from Portugal and France, and now juſt baniſhed for ever from the monarchy of Spain."

On Saturday night ſome diſpatches were ſent away for Sir Henry Moore, Bart. Governor of New-York, ſaid to be relative to the late reſolutions of an Auguſt Aſſembly.

A late important reſolution, we are aſſured, was carried by 180 to 98.

Extract of a Letter from the Eccleſiaſtic-State, Apr. 18.

"The Pope has addreſſed a brief to the King of Spain, to engage him to relent in favour of the Jeſuits; and, at all events, declaring that he will not receive them.

Extract of a Letter from Florence, April 18.

"We are juſt now informed by a letter from Rome, that after a deliberation on the ſubject of what has happened to the Jeſuits in Spain, it was reſolved not to receive in the Pope's territories any other of thoſe Religious than ſuch as are Italians by birth; and that orders to that purpoſe had been diſpatched to the Governors of all the ports in the Eccleſiaſtic State. We are not a little ſurpriſed at this news, ſince thoſe Fathers are each of them to enjoy a life-annuity, and of courſe need not become burthenſome to the State where they reſide. There are thouſands of conjectures made here on the occaſion of this cataſtrophe of the Jeſuits. We always thought that Spain was the laſt country where they were likely to ſuffer ſuch a diſgrace. The Society had its birth there, and Don Ignatius de Loyola, its founder, was a natural born ſubject of that kingdom.

On Friday laſt the Prince Frederick, Capt. Hanan, one of the tranſports who ſailed with Commodore Byron to Patagonia in South America, arrived in the Downs, and remains for orders; and, we hear, he has got on board three men, two women, a boy and a girl of that country.

Letters from Demerara, mention, that terrible Earthquakes have been lately felt there.

May 20. This day his Majeſty will go to the Houſe of Peers, and give the Royal Aſſent to the following bills, viz.

The bill for raiſing 1,500,000l. by annuities and lottery for the ſervice of the preſent year, to be charged on the Sinking Fund.

The bill for redeeming certain annuities, in reſpect of Navy, Victualing, and Tranſport bills, and Ordnance Debentures.

The bill for granting additional duties on certain linen cloth imported.

The bill to allow the free importation of rice, ſago duſt, and vermicelly imported from the American Colonies for a limited time, and ſome other bills.

The General Court of the Eaſt-India Company, which met on Monday at Merchant-Taylors-hall, did not break up till five yeſterday morning. The papers and letters received from abroad were read, and the general ſtate of the Company's affairs was laid before them; after which a motion was made for offering the Government 400,000l. per annum for three years, or half their profits in trade for that time, which ever they ſhould prefer; which was agreed to; then a motion was made for petitioning to be heard by Council againſt the bill depending for regulating the dividends, and a great debate aroſe thereupon; at length a ballot for the queſtion was propoſed. Fifty Gentlemen proteſted againſt that motion; but notwithſtanding, the ballot began at ten on Monday night, and was declared at four yeſterday morning, in favour of the petition.

A ſtop, it is ſaid, will ſoon be put to the enormous exportation of ſilver to the Eaſt-Indies.

Legborn, April 24. The Corſicans have reinforced their troops at Capraia with 150 men; and the Genoeſe not having been able to give aſſiſtance to the Commander of the fortreſs, the Corſican Officer was offered a capitulation, who immediately ſent an expreſs to Gen. Paoli for orders how to proceed.

Paris, May 8. Letters from Rome, of the 15th ult. ſay, that an extraordinary courier, who had been diſpatched by the Nuncio at Madrid, having brought advice, that the Jeſuit's had been proſcribed the dominions of his Catholic Majeſty, the news had much ſurpriſed the public, particularly the Jeſuit's and their adherents; that at firſt the Pope heſitated, whether it was proper to receive them into his territory, at a time when ſo conſiderable an increaſe of inhabitants would occaſion freſh inconveniencies on account of the preſent want of proviſions; but that, at laſt, after much reflection, he had given orders to receive the baniſhed Fathers, and lodge them where there was room. [But other accounts ſay, only ſuch of the order as are natives of Italy are to be admitted.]

PHILADELPHIA, July 20.

Captain Sawyer, from Martinico, adviſes, that a Brig, Captain Montgomery, from this Place, arrived off that Iſland, but was not permitted to trade, and went away for Dominica.——He further adviſes, that the Ports were to be open for Bread till the 1ſt of September, but that there was ſo much there already, it would ſcarce fetch any thing.

We lear from Dominica, that the Troops are more healthy there than in any of the other Weſt-India Iſlands, and that from the great Improvements making there, Houſe-builders and Carpenters were in ſuch Demand, that they give £. 15 per Month, which is equal to £. 13 10ſ, this Money.

Extract of a Letter from Halifax, dated June 22, 1767.

"Three Regiments of Troops from Cork are daily expected here, with ſome Men of War from England. Col. Robinſon is juſt arrived here from New-York, and has given Orders for building Barracks for Three Thouſand Men."

Capt. Michell, from Jamaica, about the 20th Inſt. in Lat.———, Long. 47, 33, ſpoke a Sloop, Capt. Bennet, from the Bay of Honduras, bound to New-York, but in ſo leaky a Condition, that the Captain thought he ſhould be obliged to put into Carolina.

Brown, from Tripoli for this Port, arrived at Gibraltar the 6th of June. That the Ship Hannah, Capt. Cobourn, of this Port, left Gibraltar the 17th of May for Tangiers, to load with Mules for the Weſt-Indies--And that on the 30th ult. in Lat. 30, 0, N. and Long. 50, 0, W. he ſpoke the Brig Deep-Bay, Capt. Abraham Brown, from Boſton, bound to St. Kitts, 15 Days out all well.

Friday laſt a Lad about 11 Years of Age, being at Play upon the End of a Wharf, in this City, unfortunately fell from the ſame, and was drowned. His Body was taken up Yeſterday and interred. Another Lad, about the ſame Age, a few Days before, fell out of a Canoe, which he alone was padding, and met with the ſame Fate.

NEW-YORK, July 23.

Capt. Littleton in a Sloop from this Port, for the Weſt-Indies, was caſt away the 6th of June, on a ſmall Iſland called little Martinico, the Veſſel entirely loſt, but the Crew and Part of the Cargo was ſaved.

We are informed, that ſundry perſons in this City have of late bought Regimental Cloths belonging to his Majeſty of ſeveral Soldiers in this Place, contrary to the Act of Parliament in that Caſe made, for which they were carried before a Magiſtrate, and fined £. 5 Sterling for each Offence.

We hear that ſeveral People in this Place, were lately fined for ſelling Liquors by retail, not having Licence nor Exciſe; and we are told, that the Magiſtrates are determined to put the Laws againſt ſuch Offenders rigorouſly in Execution

A Motion was made, and the Queſtion being put, that the ſaid Reſolution be re-committed; It paſſed in the Negative.

A Motion was made, and the Queſtion being put, that, for the better ſecuring the Dependency of His Majeſty's Dominions in *America*, upon the Crown and Parliament of *Great-Britain*, all Perſons within His Majeſty's ſaid Dominions, who ſhall be elected or appointed Governor, Member of the Council,

General Assembly, House of Representatives, or General Court, of any Province, within the same; and also all other Persons within the same; who, by any Charter, Act of Parliament, or Provincial Law, are required to take the Oaths of Allegiance and Abjuration, be required to subscribe a Declaration "That the Colonies and Plantations in *America* are, and of Right ought to be, subordinate "unto, and dependant upon, the Imperial Crown "and Parliament of *Great Britain*; and that the "King's Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal, and "Commons of *Great Britain*, in Parliament assembled had, hath, and of Right ought to have, full "Power and Authority to make Laws and Statutes, "of sufficient Force and Validity, to bind the Colonies, and People of *America*, subjects of the "Crown of *Great Britain*, in all Cases whatsoever;"

It passed in the Negative.

Resolved, Nemine Contradicente,

That an humble Address be presented to His Majesty, that He will be graciously pleased to confer some Marks of His Royal Favour, on those Governors and officers in the several Colonies, who distinguished themselves by their Zeal and Fidelity in supporting the Dignity of the Crown, the just Rights of Parliament, and the Supreme Authority of *Great Britain* over the Colonies, during the late Disturbance in *America*.

[*Left out last Week for Want of Room.*]

On the 29th Ult. Mr. Huxley of Suffield, in raising an old Barn, was crushed to Death by the falling of a large Leaver.

On the 2d Instant, a Negro Boy of about 10 Years of Age, belonging to the Rev. Mr. Hooker of Hartford, was killed by a Fall from a Horse. It is supposed his Foot hung in the Stirrop, and that he was drag'd and his Brains trampled out.

Accidents by Lightning.—On the 6th of June, several Houses struck and damaged at Charles-Town So. Carolina, and a Negro killed; the same Day a Sloop the Duke of Lancaster, Capt. Lamb, coming in from Sea and then off the Bar, had her Top-mast shatter'd, two Sailors struck senseless, and remained so for 12 Hours, but then recovered, and a promising Youth of 18, Son of the Capt. was killed.

On the 30th at Lebanon, a Cow was killed as a Woman was milking her, who was also much hurt, but is likely to recover, and also the same Evening, at Warwick, near Providence, 40 Sheep belonging to Mr. Arnold, which had accidentally taken Shelter under a Tree, were killed by a Stroke of Lightning.

The same Day at Suffield, a Horse and a Calf were killed and a dwelling House much shattered. The Woman of the House seeing the Cloud rising, and her Husband being from home, was afraid, & went with her Children to a Neighbours House, where they were providentially preserved.

(*By the Hartford Post.*) Hartford, May 20.

On the rising of a Thunder Storm, early last Friday Morning, one Samuel Darby, of Canterbury, left his House, while his Family were in Bed, and went to his Brother's who liv'd in the Neighbourhood, and sat down in the Fire-Place, where he had not been more than a Minute, when the Lightning struck the Chimney, and kill'd him in an Instant. His Brother and Sister, who were in Bed, in the same Room, were wounded by the falling of some of the Stones from the Chimney, but not dangerously. Mr. Darby was about 40 Years old; his leaving home so early cannot be accounted for, as he never before appeared to be terrified with Thunder, and the Thunder was not hard when he left his House.

SUPPLEMENT

TO THE NEW-YORK JOURNAL; OR, GENERAL ADVERTISER.

[THURSDAY, JULY 23, 1767.] [NUMB. 1281.]

RIGHT, WRONG, and REASONABLE, with regard to America, according to the ideas of the Gentle Shepherd, and the genuine meaning of the papers and pamphlets lately publiſhed by him and his aſſociates.

[*For the Grenvillian Repreſentation of American Ideas of Right and Wrong, to which the following is an Anſwer, ſee our Supplement of the 14th of May laſt.*]

R I G H T.

IT is *right*, O ye Americans! when we diſcourage the importation of thoſe raw materials from foreign countries that we can have from you, and do it for this *ſole reaſon*, that foreigners drain us of our money for thoſe articles, while you take only our manufactures, yet we ſhould charge this upon you as a favour, for which you are under the *greateſt obligations*.

Secondly, It is *right*, O ye Americans! that when knowing the dearneſs of labour in your country, we do, to enable you to furniſh us with thoſe commodities, and take our manufactures in return, give you a better price then we did uſe to give foreigners, which we can well afford, conſidering the ſaving of money to our nation, the profit on our manufactures, and the increaſed demand for them; we are nevertheleſs, to call this by the name of *bounty*, the better to expreſs our *goodneſs* to you, and the more clearly to intimate the *great obligation* you are under for ſuch goodneſs; and alſo to make manifeſt the *ungratefulneſs* of your tempers, if you do not, in return for ſuch bounty, take upon yourſelves ſome burden ten hundred times greater than the bounty amounts to.

Thirdly, It is *right*, O ye Americans! that we, having called all theſe regulations in commerce by the name of "indulgences and favours," and conſidered as "privileges" granted to you, do alſo, whenever you point out to us the regulations of the ſame nature, that may be equally advantageous to us, call the advice you give, "clamour, for more and greater indulgences, favours and privileges." And it is farther *right*, O ye Americans! though it is well known you clubbed man for man with us in extending by conqueſt the whale and other fiſheries, that you ſhould not conceive yourſelves equally intitled to the uſe of them with other Britiſh ſubjects; but the ſhare allowed you is to be conſidered as flowing from the mere grace and favour of the Gentle Shepherd. And though the permitting you to carry rice to foreign markets directly, without the burthenſome, uſeleſs expence and loſs of time, occaſioned by coming out of your way to land and re-ſhip it here, has enabled you to make greater remittances to Britain, and purchaſe greater quantities of our manufactures; yet if experience in this caſe prompts you to hint the advantage it would be to us to extend the permiſſion to ſome other articles, it is *right* in us to charge you with ingratitude, and to tell you that you would never have been ſo unreaſonable, if we had not repealed the "coolly deliberated, well digeſted," and wonderfully uſeful meaſure of the Gentle Shepherd, called the ſtamp-act.

Fourthly, Though it is a certain truth that we went to war with the French in America, merely on a diſpute between the two crowns, concerning the bounds of wilderneſs lands, belonging to no American; and to ſecure the Indian trade carried on there with our manufactures, and therefore ſolely an intereſt of ours; and though you yourſelves told us "you were in no danger from the French, for that you were near twenty to one;" yet it is *right*, O ye Americans! for us to declare we went there for your defence, at your requeſt, and to charge you with all the millions ſpent in that war, giving you no credit for the millions you ſpent in maintaining a number of troops, equal to ours; and yet our taking the whole territory conquered, which is now daily granting in large tracts, to the gentlemen of this country; while we allow, in a caſe preciſely the ſame, that the acquiſitions made by the East-India Company, with our aſſiſtance, are their own indubitable property.

Fifthly, It is *right*, O ye Americans! for us to charge you with *dreaming* that you have it in your power to make us a bankrupt nation, by engaging us in new wars; with *dreaming* that you may thereby increaſe your own ſtrength and proſperity; with *dreaming* that the ſeat of Government will then be tranſported to America, and Britain dwindle to one of its provinces. And, becauſe Joſeph's brethren hated him for a dream he *really* dreamed, we, for a dream you never *dreamed*, and which we only *dream* you *dreamed*, are to hate you moſt cordially.

W R O N G.

Firſt, From the above ſtate of the caſe, it is *wrong*, O ye Americans! for you to expect hereafter, any protection or countenance from us, in return for the loyalty and zeal you manifeſted, and the blood and treaſure you have expended in our cauſe during that war; or that we will make any acts of parliament relating to you, from the time we, the Gentle Shepherd, and his flock, get into power," but ſuch as are calculated for impoveriſhing you and enriching us."

Secondly, It is *wrong*, O ye Americans! for you to imagine that we will henceforth give you a preference to foreigners, in purchaſing raw materials from you, becauſe "forſooth, you ſtupidly give the preference to all the modes and manufactures" of Britain, and conſume all your labour in the ſuperfluities of this country. And, when you have fooliſhly run in our debt for them, it is *wrong* in you to hint to us any new regulations of trade, by which you may be better enabled to pay us. And though you have not, and never had any mines of gold and ſilver in your country, yet it is *wrong* in you to complain when we reſtrain your trade with foreign money-countries, by which you uſed to procure caſh for us, when we even hinder your uſing paper money among yourſelves, that enabled you to ſpare your caſh to us, and when dry, as we have drawn you, we want to ſqueeze blood out of you by new taxes, in the laying of which you have no participation.

Thirdly, It is *wrong*, O ye Americans! "to expect a reciprocation of good offices between us and you; for "our "ſtanding maxim is, that you exiſt only for our ſakes; we "know no other end of colonization but this; nor will we "acknowledge any other connection or relation between us "and you," than thoſe between a maſter and his ſlaves. Your lords we are, and ſlaves we deem ye, or intend to make ye. "But the dear ties of that relation we will acknowledge "and maintain" as long as we can, and, if poſſible, after you "are tired of them."

Thus much as to the Gentle Shepherdian ideas of *right* and *wrong*. We ſhall next ſhew their notions of what is *reaſonable*.

RUN-away from the ſubſcriber, in Cecil County, Maryland, 10 miles from Chriſtiana bridge, on Saturday night, the 2d of this inſtant May, two indented ſervant men, one named Patrick M'Kogh, a native Iriſhman, about 20 years of age, came in laſt Fall from Ireland, talks much on the brogue, and is by trade a cooper; had on, when he went away, a ſnuff coloured coat and jacket, half worn, with mohair buttons, blue country made cloth breeches, lined with linen. The other named Thomas M'Neely, came in laſt May from Ireland, about 20 years of age, by trade a cooper; had on, a light coloured country made coat, with blue and white drugget lining, and white metal buttons, a double breaſted ſcarlet jacket, and ſnuff coloured cloth breeches, ſtockings uncertain, as he had ſeveral pair with him, old and new ſhoes, with Pinchbeck buckles. Both about 5 feet 5 inches high, and wore their own ſhort brown hair; they are both good ſcholars, and it is like may forge a paſs.—Whoever takes up and ſecures ſaid Servants, ſo that the ſubſcriber may have them again, ſhall have Three Pounds reward, or Thirty Shillings for either, and reaſonable charges, paid by *AMOS ALEXANDER.*

CHARLES-TOWN, (South-Carolina) June 30.

On Tuesday last came on in his Majesty's high court of Vice-admiralty, before the Hon. Egerton Leigh, Esq; sole judge of the same, a cause of great weight and expectation, wherein James Hawker, Esq; commander of his Majesty's ship Sardoine, was prosecutor, *qui tam, &c.* against the schooner Active, and her cargo, whereof James Gordon, of Winyaw, merchant, was the claimant. The seizure of this coasting schooner was made on pretence that she had no register, and bond not having been given, nor cockets and sufferances taken out from the custom-house, agreeable to the directions of the act of 7th and 8th Will. III. and of the acts of the 3d, 4th, 5th, and 6th of his present Majesty's reign, when the judge after hearing many learned arguments from the proctors and advocates of both sides, and taking due time to deliberate thereon, was pleased to deliver his opinion, "That nothing in "the several acts abovementioned, can be construed "to lay any unnecessary restraints, upon the trade "and correspondence of his Majesty's American "subjects, when any goods or commodities are carried merely for the use or sustenance of the said "colonies, or, in other words, *when such goods are "only carried from one port or place, to another "port or place in the same colony.*" And, forasmuch as it did appear that the vessel in question had been constantly employed within this province, without putting out to sea, further than her burthen, or the coast made necessary, for the safety of her navigation to and from this port, and there was not the least shadow of pretence that the said vessel had been at any time employed in an illicit trade, or that any fraud had been committed or intended, whereby his Majesty's revenue could be diminished or affected, or the fair trader undermined or prejudiced, contrary to any of the wise provisions of any revenue laws, or the laws of the customs: His Honour was pleased therefore to *dismiss the information*, and to order *restitution of the vessel and cargo to the claimant*, and decreed the claimant to pay all costs, except such as accrued to the prosecutor on his part of the proceedings, the judge being of opinion, that all circumstances considered, there was *a probable cause of seizure*, and the most material part of the expence attending the prosecution was occasioned by the claimant himself.*

At every sitting of the court during the continuance of this cause, which was long and highly contested, the court-house was constantly crowded; the judge's final sentence and decree, was received with uncommon and general satisfaction; it being from thence apparent that no vessels whatever, when employed in carrying goods from one part of the province to another, are obliged to take out sufferances, cockets, or clearances at the custom-house, nor have vessels employed solely in that trade, or that never go to another colony, any occasion for a register, they being particularly excepted in the 7th and 8th of Will. III.

* 'Tis pity the public had not been told, how *the greatest part of the expence, attending the prosecution, was occasioned by the claimant himself.* Nothing of this appears from the above account—unless it was, *that the vessel had no Register, Cockets nor Sufferances, nor that any bond had been given*, which was the pretence upon which the vessel was seized;—But these papers the Judge himself, in his opinion, declared to be unnecessary to a coasting vessel constantly employed within the province, and unsuspected of an illicit trade. And yet this sentence is applauded, as highly favourable to the owner, who, for the unjust detention of his vessel, with perhaps a perishable cargo on board, and the great trouble, inconveniency, expence, and loss of time, in attending the suit, recovers no manner of satisfaction, but a bare restitution of his own, which no body had a right to take from him, and yet must pay all costs, except those of the prosecutor.——So that upon any frivolous pretence a vessel may be seized, since it may be done without hazard to the captor, except of a trifling expence for his own cost—and he will have a chance, that the Judge may declare in his favour.—Even this case may give us an idea of what we are to expect from the Courts of Admiralty.—And what might we have expected if the Stamp-Act had taken place?
